INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF IKEJA & DISTRICT SOCIETY OF ICAN (IDSICAN)

Opinion

We have audited the financial statements of IKEJA & DISTRICT SOCIETY OF ICAN (IDSICAN) which comprises, the statement of financial position as at 31st December 2023, the statement of total comprehensive income, the statement of changes in members fund, the statement of cashflows for the year then ended, and a summary of the significant accounting policies, and other explanatory notes.

In our opinion, the financial statements give a true and fair view of the financial position of the District as at 31st December, 2023 and of its financial performance and its cash flows for the year ended in accordance with the International Financial Reporting Standards and the requirements of the Ikeja & District Society of ICAN by-laws.

Basis of our opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's responsibility for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the District in accordance with the International Ethics Standards Board for Accountants Code of Ethics for Professional Accountants (IESBA Code). We have fulfilled our other ethical responsibilities in accordance with the IESBA code.

Other information other than the financial statements and auditors report

The Executive Committee is responsible for the other information. The other information comprises the Notice of Meeting, details of Officers and Executive Committee, past chairmen, report of executive committees and the Chairman's activities Report. Our Opinion does not cover other information and we do not express any form of assurance conclusion thereon. It is our responsibility to read the other information and in doing so, consider whether the information is materially inconsistent with the financial statements or with the knowledge obtained in the audit, or otherwise appears to be materially misstated. If based on our work we conclude that there is material misstatement of the other information, we are required to report that fact. We have nothing to report in this regard.

The Executive Committee responsibility and those charged with governance for the financial statements

The Executive Committee and those charged with governance are responsible for the preparation and fair presentation of these financial statements in accordance with the International Financial Reporting Standards and the Institute of Chartered Accountants of Nigeria Act. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies and making accounting estimates that are reasonable in the circumstances.

In preparing the financial statements, the Executive Committee are responsible for assessing the District's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless there is a legislation that either intends to repeal the enabling Act of the Institute or has no realistic alternative but to do so.

Auditors' Responsibility for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users that are taken on the basis of these financial statements.

As part of an audit in accordance with International Standards on Auditing (ISAs), we exercise professional judgement and maintained professional scepticism throughout the audit. We also:

INDEPENDENT AUDITORS' REPORT (Cont'd)

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal Control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal Control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Executive Committee.
- Conclude on the appropriateness of the Executive Committee use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the District's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Association to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Compliance with the relevant legislation and regulations requirements

In accordance with Section 404 (1) and fifth schedule of the companies and Allied Matters Act 2020, we confirm that the financial statements are in agreement with the accounting records, which have been properly kept.

In accordance with Section 407 (1) of the Companies and Allied Matters Act, 2020, we confirm that we received all of the information and explanation that were required for the purpose of the audit.

1 General Information

1.1 Reporting Entity

The Institute of Chartered Accountants of Nigeria (Ikeja & District Society) was established by the Acts of parliament number 15 of 1965. The District organizes training programs and workshops for its members, conducts remuneration surveys and consultancy services.

1.2 The Objects of the District

- (a) To uphold the tenets of the Institute in the District;
- (b) To support the members and students within the District as defined under Section 1.3 of the bye Law;
- (c) To implement the policies of the Institute at the District level;
- (d) To hold regular meetings of the Society and organise training, seminars and workshops for members;
- (e) To organise events such as Annual Dinner, Annual General Meeting (AGM), etc.;
- (f) To disseminate other information of interest to members;
- (g To organise career talks for students in secondary and tertiary institutions;
- (h) To follow up on members' welfare and disputes' resolution;
- (i) To liaise with Communities, States & Local Governments and Institutions of higher learning on issues affecting the accountancy profession;
- (j) To handle matters affecting the Institute and report back to the Institute;
- (k) To establish and maintain libraries for use of members and students.;

1.3 Financial period

These financial statements cover the financial period from 1 January 2023 to 31 December 2023

1.4 Tax Status

No provision was made for Income Tax in the financial statements as the District is exempted from payment of income tax in accordance with section 23 of Companies Income Tax Act (CITA) CAP C21 LFN 2004 (as amended).

1.5 Approval of the financial statements

The financial statements were authorized for issue by the Executive Committee on 2nd May 2024

2 Basis of preparation

2.1 Statement of compliance

The District's financial statements are presented in accordance with, and comply with International Financial Reporting Standards (IFRS) and International Reporting Interpretations Committee (IFRIC) interpretations issued and effective for the years presented.

2.2 Basis of Measurement

The financial statements have been prepared under the historical cost concept, except for certain financial instruments that are measured at fair value at the end of each reporting period as explained in the accounting policies.

2.3 Functional and presentation currency

The District's functional and presentation currency is Nigerian Naira. The financial statements are presented in Nigeria Naira and have been rounded to the nearest whole number except where otherwise stated.

2.4 Use of estimates and judgements

The preparation of financial statements in conformity with IFRS requires the use of certain critical accounting estimates and judgements. It also requires management to exercise its judgement in the process of applying the District's accounting policies. The areas involving a higher degree of judgement, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note

2.5 Going Concern

The District has consistently been generating funds through members subscription. The Executive Committee believe that there is no intention or threat from any source to curtail significantly its members in the foreseeable future. Thus, these financial statements have been prepared in accordance with the going concern basis.

THE INSTITUTE OF CHARTERED ACCOUNTANTS OF NIGERIA IKEJA & DISTRICT SOCIETY OF ICAN (IDSICAN)

Financial Statement for the year ended 31st December 2023

ACCOUNTING POLICIES (Con'td)

2.6 Accounting Standards issued not yet effective

The following new/amended accounting standards and interpretation have been issued, but are not mandatory for financial period ended 31st December 2023. They have not been adopted in preparing the financial statements for the year ended 31st December 2023 and are expected not to affect the entity in the year of initial application.

a Standards issued but not yet adopted

A number of new standards and amendments to standards are effective for annual periods beginning after 1st January 2018, however, the District has not applied the following new or amended standards in preparing these financial statements.

New or Amended Standards Summary of the Requirements Possible impact on Financial **IFRS 9 Financial Instruments** IFRS 9, published in July 2014, replaces the The District is assessing the existing guidance in IAS 39 Financial Instruments; potential impact on its financial recognition and Measurement. statements resulting from the IFRS 9 includes revised guidance on the Classification application of IFRS 9. and measurement of financial instruments, including a new expected credit loss model for calculating impairment on financial assets, and the new general edge accounting requirements. It also carries forward guidance on recognition and derecognition of financial instruments from IAS 39. IFRS 9 is effective for annual reporting periods beginning on or after 1 January 2018 with early adoption permitted

IFRS 15 'Revenue from contracts with customers'

On 1st January 2019, the District adopted IFRS 15 which replaces IAS 18 'Revenue'. The new standard establishes a comprehensive framework for revenue recognition based on a five-step model, covering both services and goods. Detailed assessments carried out by the District have shown that the adoption of the five-step model does not significantly alter the timing or value of revenue recognised by the District as the principles of the new standard align closely with the District previous revenue recognition policy.

The following new or amended standards are not expected to have a significant impact on the District's financial statements.

- *IFRS 14 Regulatory Deferral Accounts
- *Accounting for Acquisitions of Interest in Joint Operations (Amendments to IFRS 11)
- *Clarification of Acceptance Methods of Depreciation and Amortisation (Amendments to IAS 16 and IAS 38)
- *Defined Benefit Plans: Employee Contributions (Amendments to IAS 16)
- *Agricultural Bearer Plants (Amendments to IAS 16 and IAS 41)
- *Annual Improvements to IFRSs 2010 2012 Cycle.
- *Annual Improvements to IFRSs 2011 2013 Cycle.

Financial Statement for the year ended 31st December 2023

ACCOUNTING POLICIES (Con'td)

3 Critical accounting estimates and judgements

Introduction and overview

The District makes certain estimates and assumptions regarding the future. Estimates and judgements are continually evaluated based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. In the future, actual experience may differ from these estimates and assumptions. The estimates and assumptions that have a significant risk causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are:

Impairment of property, plant and equipment

The District assesses assets or groups of assets for impairment annually or whenever events or changes in circumstances indicate that carrying amounts of those assets may not be recoverable. In assessing whether a write-down of the carrying amounts of a potentially impaired asset is required, the asset's carrying amount is compared to the recoverable amount. Frequently, the recoverable amount of an asset proves to be the District's estimated value in use

Estimates of useful lives and residual value

The estimates of useful lives and residual values of property, plant and equipment impact the annual depreciation charge. The useful lives and residual values are based on management experience and the condition of the assets. Consideration is given to management's intended usage policy for the assets in the future and potential market prices of similar assets.

Judgement applied in recognising contracts from customers

The District applied the following judgements that significantly affects the determination of the amount and timing of revenue from contracts from customers

Definition of customers

A customer is a party that as contracted with the District to become a member of the District.

The contracts between the District and its customers have commercial substance, and both parties have the intent and the ability to uphold their respective obligations.

Identification of performance obligation

The identification of performance obligation is a crucial part in determining the amount of consideration recognised as revenue. This is because revenue is only recognised at the point in which the performance obligation is fulfilled. The performance obligation of the District to its members is the provision of membership to its members.

Timing of revenue recognition

Membership subscription are recognised over time as the service is provided while other streams like workshops and seminars are recognised at a point in time.

Estimates of revenue or extent of progress towards completion are revised if circumstances change. Any resulting increases or decreases in estimated revenues are reflected in profit or loss in the period in which the circumstances that gives rise to the revision become known to the management.

Financial Statement for the year ended 31st December 2023

ACCOUNTING POLICIES (Con'td)

4 Summary of Significant Accounting Policies

The accounting policies set our below have been applied consistently to all years presented in these financial statements.

a) Income

i) Member Subscription

The membership subscription are accounted for as income in the period to which they are received.

ii) Other Income

Other income relates to income from workshops, seminar, Advert in Newsletter and other District activities.

iii) Rental Income

Rental income relates to income from the use of a section of the Secretariat sub-let out to third party.

iv) Interest Income

Interest income from savings is realised when the account is credited.

v) Donations to the District

The District receives donations from its members and other stakeholders, which are generally non-reciprocal transfers, involve transfers from entities other than the owners and these contributions are voluntary. These donations whether cash or assets (e.g. Property, Plant and Equipment) shall be recognised as income in the period it is received or receivable when and only when all the following conditions have been satisfied:

- (a) There is irrevocable commitment from the donor to the District;
- (b) It is probable that the economic benefits arising form the donation will flow to the District; and
- (c) The amount of the donation can be measured reliably.

b) Expenditure

Expenditures are recognized as they accrue during the course of the year. Analysis of expenses recognized in the statement of comprehensive income is presented in classification based on the function of the expense as this provides information that is reliable and more relevant than their nature.

c) Property, plant and equipment

Recognition and measurement

All categories of property, plant and equipment are stated initially at historical cost less depreciation. Historical included in the cost includes expenditure that is directly attributable to the acquisition of the assets. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the District and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to the income statement during the financial period in which they are incurred.

For revalued assets, any revaluation increase arising on the revaluation of such land and building is recognised in the other comprehensive income and accumulated fund, except to the extent that it reverses a revaluation decrease from the same asset previously recognised in other comprehensive income in which case the increase is credited to other comprehensive income to the extent of the decrease previously expensed. A decrease in the carrying amount arising from the revaluation of such land and building is recognised in other comprehensive income to the extent that it exceeds the balance if any, held in the property revaluation reserves relating to a previous revaluation of such asset.

Depreciation

Depreciation of assets commences when assets are available for use. Depreciation is provided on all property, plant and equipment, other that leasehold land which is not depreciated, at rates calculated to write-off the cost or valuation, of each assets on a straight line basis over its expected useful life, as follows:

Type of asset

Freehold Library Building	2%	per annum
Plant and Machinery	25%	per annum
Office Equipment	10%	per annum
Furniture and fittings	10%	per annum

Financial Statement for the year ended 31st December 2023

ACCOUNTING POLICIES (Con'td)

4 Summary of Significant Accounting Policies (cont'd)

De-recognition of PPE

An item of property, plant and equipment is de-recognised upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the profit or loss component of the statement of profit or loss and other comprehensive income within other or operating expenses in the year that the asset is derecognised.

d) Impairment of financial assets

At each balance sheet date, the District reviews the carrying amounts of its financial assets to determine whether is any indication that those assets have suffered an impairment loss. If any such indication exists, recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset. The District estimates the recoverable amount of the cash-generating unit to which the assets belongs. An impairment loss is charged to the statement of comprehensive income immediately unless the asset is carried at its revalued amount. Any impairment loss of a revalued asset is treated as a revaluation decrease to the extent of a previously recognised revaluation surplus for the same asset.

e) Intangible assets

Software acquired by the District is stated at cost less accumulated and accumulated impairment losses. Subsequent expenditure on software assets is capitalised only when it increase the future economic benefits embodied in the specific asset to which it relates. All other expenditure is expensed as incurred.

Amortisation is recognised in the income statement on a straight line basis over the estimated useful life of the software, from the date that it is available for use. The estimated useful life of the software is 3 years. This is reassessed annually.

Impairment of non-financial assets

Intangible assets which are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying value may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less cost to sell and value in use.

f) Inventories

Inventories are recorded at the lower of cost and net realisable value after making adequate provision for obsolescence and damaged items. Cost comprises suppliers' invoice, prices and other costs incurred to bring the stocks to its present location and condition. Cost is determined using the first-in, first-out (FIFO) method.

g) Contract Assets/Liabilities

Subscriptions, interest and conference incomes received in advance are deferred to the period it relates. Interest expenses paid in advance on loans to staff using effective interest rate is deferred to the period it relates.

k) Provisions

Provisions are recognised when the District has a present obligation (legal or constructive) as a result of a past event, it is probable that the District will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimate to settle present obligation, its carrying amount is the present value of these cash flows (when the effect of the time value of money is material). When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Financial Statement for the year ended 31st December 2023

ACCOUNTING POLICIES (Cont'd)

- 4 Summary of Significant Accounting Policies (cont'd)
- i Financial Instruments

a) Financial assets

Financial assets are initially recognised at fair value plus directly attributable transaction costs. Subsequent re-measurement of financial assets is determined by their designation that is revisited at each reporting date. The classification of financial assets depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition. The District's financial assets comprise of receivable. At the reporting date, the District assesses whether its financial assets has been impaired. Impairments lose are recognised in the statement of profit or loss and other comprehensive income where there is objective evidence of impairment.

i) Trade and Other Receivables

Trade and Other Receivables are stated at amortised cost based on the original invoice amount less an allowance for any irrecoverable amounts. Provision is made when there is objective evidence that the District will not be able to collect certain debts. Bad debts are written off when identified. The amount of impairment allowance is the difference between the asset's nominal value and the recoverable value, which is the present value of estimated cash flows, discounted at the original effective rate. Changers to this impairment are recognised under administrative costs. When a trade receivable is uncollectable, it is written off against impairment for trade receivables.

ii) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, demand and short term deposits with banks and similar institutions, which are readily convertible to known amount of cash and are subject to insignificant risks of changes in their fair value.

iii) Derecognition of Financial assets

The District derecognised a financial asset only when the contractual rights to the cash flows from the asset expire or when it transfers substantially all the risks and reward of ownership of the assets to another entity. If the District neither transfer nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the District recognises its retained interest in there assets and an associated liability for amounts it many have to pay. If the District retains substantially all the risks and rewards of ownership of a transferred asset, the district continues to recognise a collaterised borrowing for the proceeds received.

On de-recognition of a financial asset other than in its entirety (e.g. when the District retains an option to repurchase part of a transferred asset), the District allocates the previous carrying amount of the financial asset between the part it continues to recognised under continuing involvement, and the part it no longer recognises on the basis of the relative fair value of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gains or losses allocated to it income. A cumulative gains or losses that had ben recognised in other comprehensive income are allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair value of those parts.

b) Financial liabilities

Financial liabilities are initially recognised at fair value when the District becomes a party to the contractual provisions of the liability. Subsequent measurement of financial liabilities is based on amortised cost using the effective interest method.

The District's financial liabilities include trade and other payables. Financial liabilities are presented as if the liability is due to be settled within 12 months after the reporting date, of if they are held for the purpose of being traded. Other financial liabilities which contractually will be settled more than 12 months after the reporting date are classified as non-current.

Financial Statement for the year ended 31st December 2023

ACCOUNTING POLICIES (Cont'd)

4 Summary of Significant Accounting Policies (cont'd)

i) Trade and Other Payables

Trade payables classified as financial liabilities are initially measured at fair value, and are subsequently measured at amortised cost, using the effective interest rate method. Other payables that are within the scope of IAS 39 are subsequently measured at amortised cost. Others are measured in respect to their applicable standards.

ii) Related Party Transactions

Related parties included the related companies, the trustees and any employee who is able to exert significant influence on the operating policies of the company. Key management personnel are also considered related parties. Key management personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any director (whether executive or otherwise) of that entity.

The District considers two parties to be related if, directly or indirectly one party has the ability to control the other party or exercise significant influence over the other party in making financial or operating decisions. Where there is a related party transaction with the District, the transactions are disclosed as to the type or relationship that exists the District and the outstanding balance necessary to understand their effects on the financial position and the mode of settlement.

iii) De-recognition of financial liabilities

The District derecognises financial liabilities when, and only when, the District's obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in statement of profit or loss and other comprehensive income.

c) Equity Instruments

i) Accumulated Fund

The District considers its capital to be its accumulated fund. The Executive Committee financial objective is to generate a targeted operating position, to build and maintain the accumulated fund at a sustainable level, taking to account the various competitive risks. The District's Financial Committee reviews the financial position of the District at each committee meeting. The District is not subjected to any material externally imposed capital requirement.

ii) Other Funds and Reserves

Reserves included all current and prior period retained earning and other reserves which are restricted for their intended purposes.

k Offsetting of Financial Assets and Financial Liabilities

Financial assets and liabilities are offset and the net amount is reported in the statement of financial position. Offsetting can be applied when there is a legally enforceable right to offset the recognised amounts, and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

I Impairment of financial instruments

The District assesses its financial instruments at the end of each reporting year whether there is objective that a financial asset or group of financial assets is impaired. A financial asset or a group of financial assets is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after initial recognition of the asset (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial assets that can be reliably estimated.

Evidence of impairment may include indications that the debtor or a group of debtors is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganisation, and where observable date indicates that there is a measurable decrease in the estimated future cash flows such as changes in arrears or economic conditions that correlate with defaults.

As a practical expedient, the District may measure impairment on the basis of an instrument's fair value using an observable markets price.

If, in a subsequent period, the amount of the impairment loss decrease and the decrease can be related objectively to an event occurring after the impairment was recognised (such as an improvement in the debtor's credit rating), the reversal of the previously recognised impairment loss is recognised in the statement of profit or loss.

Financial Statement for the year ended 31st December 2023

ACCOUNTING POLICIES (Cont'd)

5 Financial Risk Management

General

Pursuance to a financial policy maintained by the Management Committee. The District uses several financial instruments in the ordinary course of business. The District's financial instruments are cash and cash equivalents, trade and other receivables and trade and other payables.

The District has exposure to the following risks from its use of financial instruments

- * Credit risk
- * Liquidity risk
- * Market risk, consisting of currency risk, interest rate risk and price risk.

Credit Risk

Credit risk arises principally from cash and cash equivalents, deposits with banks and financial institutions, equity held as available-for-sale investments, subscription receivables and other financial instruments. The District regularly monitors and reviews its exposure with key banking and investment manager, and for deposit, only reputable financial institution with high quality external credit rating are used.

	2023	2022
	N	N
Other receivables	161,500	846,500
Cash and cash equivalent	33,838,842	23,035,207
	34,000,342	23,881,707

The credit risk is that one party to a financial instrument fails to discharge its obligation in respect of the instrument. The District has no significant concentration of credit risk, with exposure spread over a large number of customers. The District believes that the maximum exposure equates to the carrying value of trade and other receivables . Management reviews the trade receivables balance on regular basis.

Cash held with the following institutions:

First Bank of Nigeria Limited	7,231,925	2,938,291
Ecobank Plc.	96,916	96,916
	7,328,841	3,035,206

Liquidity Risk

Liquidity risk is the risk that the District will not be able to meet its financial obligations as they fall due. The District's approach to managing liquidity is to ensure that it will have sufficient liquidity to meet its liabilities when due, under normal and stressed conditions. The District receives the majority of its income as subscription in the year. Cash not required for short-term operating purposes is invested to maximize return with an acceptable level of risk.

The focus of the liquidity review is on the net financing capacity, being free cash plus available credit facilities in relation to the financial liabilities

Financial Statement for the year ended 31st December 2023

ACCOUNTING POLICIES (Cont'd)

Market Risk

Market risk concerns the risk that the District's income or if held, the value of investment in financial instruments is adversely affected by changes in market prices, such as exchange rates and interest rates. The objective of managing market risk is to keep the market risk position within acceptable boundaries while achieving the best possible return.

Market risk arises from the District's use of interest bearing and tradable financial instruments. It is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in the interest rate (interest rate risk), foreign exchange rates (currency risk) or other market factors (other price risk). Interest rate risk relates to the risk of loss due to fluctuations in both cash flows and their fair value of financial assets and liabilities due to changes in market interest rate.

The District invests surplus cash in the short term and in doing so exposes itself to the fluctuation in interest rates that are inherent in such a market.
